Introducing: The Campus Connect App

Our new Campus Connect App is designed to enhance student life and foster a vibrant campus community.

What it Does

The app serves as a central hub for all campus-related information, activities, and services.

Main Purpose

Its primary goal is to streamline communication, facilitate engagement, and provide easy access to essential resources for all students.

Key Benefits

Stay informed with real-time updates and announcements.

Connect with peers through interest-based groups and events.

Access academic tools, campus maps, and support services effortlessly.

Student Reporting: Your Role in Sustainability

Student Experience

Empowering students to report campus issues swiftly and easily.

Submit reports, including the **roll no, name and details** for unique identification

Upload photos of the problem for clear visual evidence

Specify the exact location of the incident

Track the real-time status of submitted reportstion tagging for precise identification

The Database

A robust and organized database ensures all reported issues are tracked efficiently, from submission to resolution.

Issue Type

Categorization for quick sorting.

Status

Tracking progress (Pending, In Progress, Resolved).

Photo URL

Link to uploaded image.

Location

Specific campus area.

Reported By

Student who submitted the issue.

Created At

Timestamp of report submission.

Admin Dashboard: Centralized Control

Administrator View

Providing administrators with comprehensive tools for efficient issue management.

Receive and view all incoming reports

Categorize and prioritize reported issues

Assign reports to appropriate departments/staff

Update report status and resolution progress

Award points to students for genuine, resolved issues and maintain a leaderboard system

Gamification: Earning Eco Points

To incentivize participation, students earn "Eco Points" for reporting valid issues and contributing to campus sustainability.

Points awarded for each successfully reported and resolved issue.

Higher points for critical or impactful environmental concerns.

Points can be redeemed for campus perks or recognized publicly.

This system fosters a sense of responsibility and encourages proactive engagement from the student body.

It also creates a fun and competitive environment through leaderboards and rewards.

Student Profile & Leaderboard (Phase 2)

In Phase 2, we will introduce a student profile and a dynamic leaderboard to showcase individual contributions and promote healthy competition.

Personal Profile

Display total eco points and reported issues.

Leaderboard

Rank students based on eco points.

Recognition

Highlight top contributors and their impact.

Community Impact

Show collective efforts in sustainability.

GREEN CAMPUS LEADERS

RANK	STUDENT	ROLL NO.	POINTS
1	ANNA SHARMA	U19MEE007	4500
2	RAHUL VERMA	U19CSE021	4120
3	LIAM CHEN	U19EE015	3900
4	CHLOE TAYLOR	U19BT009	3750
5	OLIVER DAVIS	U19ECE033	3580

This enhanced visibility will motivate students to actively participate, driving collective progress towards a more sustainable campus environment.

Plantation:

Sustainability Culture

Our vision extends beyond mere compliance; we aim to foster a culture of sustainability that permeates every aspect of campus life. From academic curricula to daily operations, we strive to integrate ecological principles, creating a living laboratory for environmental solutions.

Future Impact

We believe a green campus cultivates responsible citizens, innovative thinkers, and a healthier planet for generations to come.

A Greener Future, Together

This system is more than just maintenance; it's a commitment to building a more sustainable, responsive, and eco-conscious campus for everyone.
